

The DBSI logo consists of the letters 'DBSI' in a bold, dark blue, sans-serif font. The letters are contained within a white, rounded rectangular shape that has a slight 3D effect with a shadow on the right side. The background of the entire slide is a deep purple color with a pattern of overlapping circles in shades of purple, white, and lime green, and a faint grid of geometric shapes.

**VISIONARY  
VOICES** 2026

**Emily Cisek**  
**CEO**

Imagine a day when every customer feels secure, knowing their future is protected—thanks to you, their trusted financial institution.

Where is your birth certificate?

Where are your last 3 tax returns?

Does your family understand your end of life wishes?

Would your family know how to settle your affairs if you suddenly passed?

Where would they look for your will, deeds, insurance policies, passwords and other critical documents?

Are you leaving them with clarity,  
or confusion?

Or worse... conflict?

# Imagine

Having a trusted guide to make your legacy planning process both easy and affordable

Keeping all your critical information in one secure location.

Having access to it from anywhere on any device.

Easily and safely connecting it to your family members, wherever they are.

Welcome to **[Paige]**

**We're the modern evolution of the safe deposit box**

Built to help FI's grow core deposits, deepen multigenerational relationships, and stay central to their members' lives.

We help families get their affairs in order,  
delivered through the financial institutions  
**they already trust.**

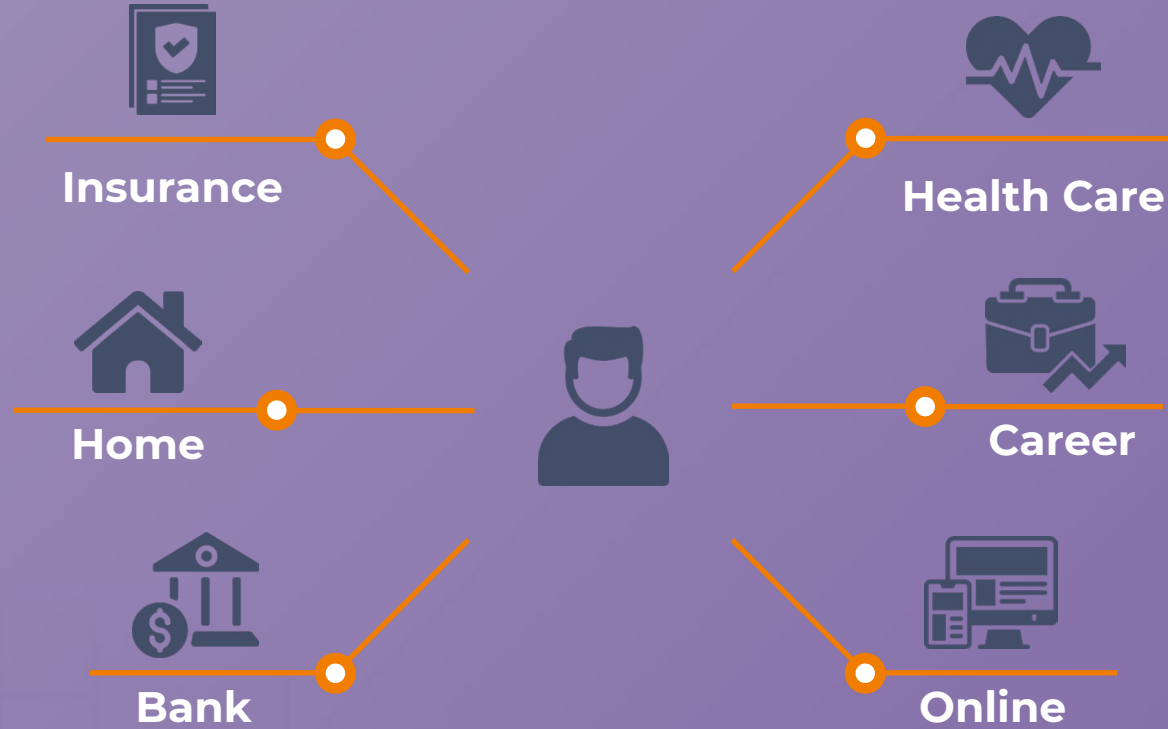

The institutions that thrive are the ones  
people **trust, talk about, and bring their kids to.**

[Paige]

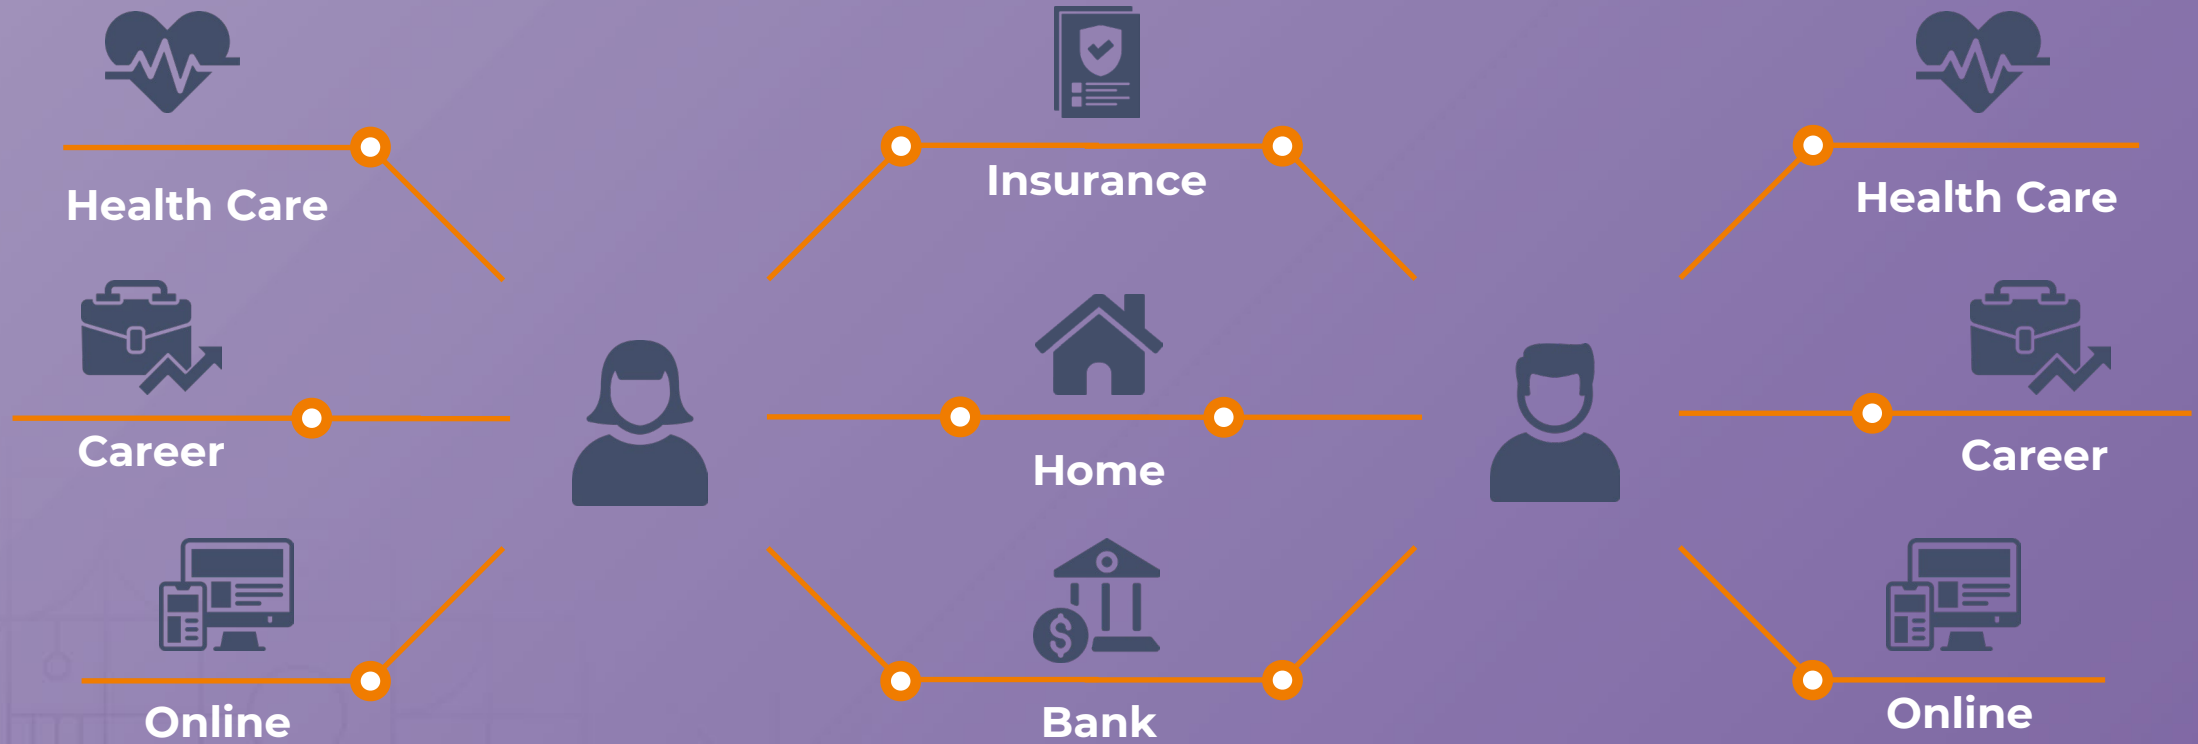

When a bank helps a customer do something this important, that customer doesn't just stay.

**They bring their family.**

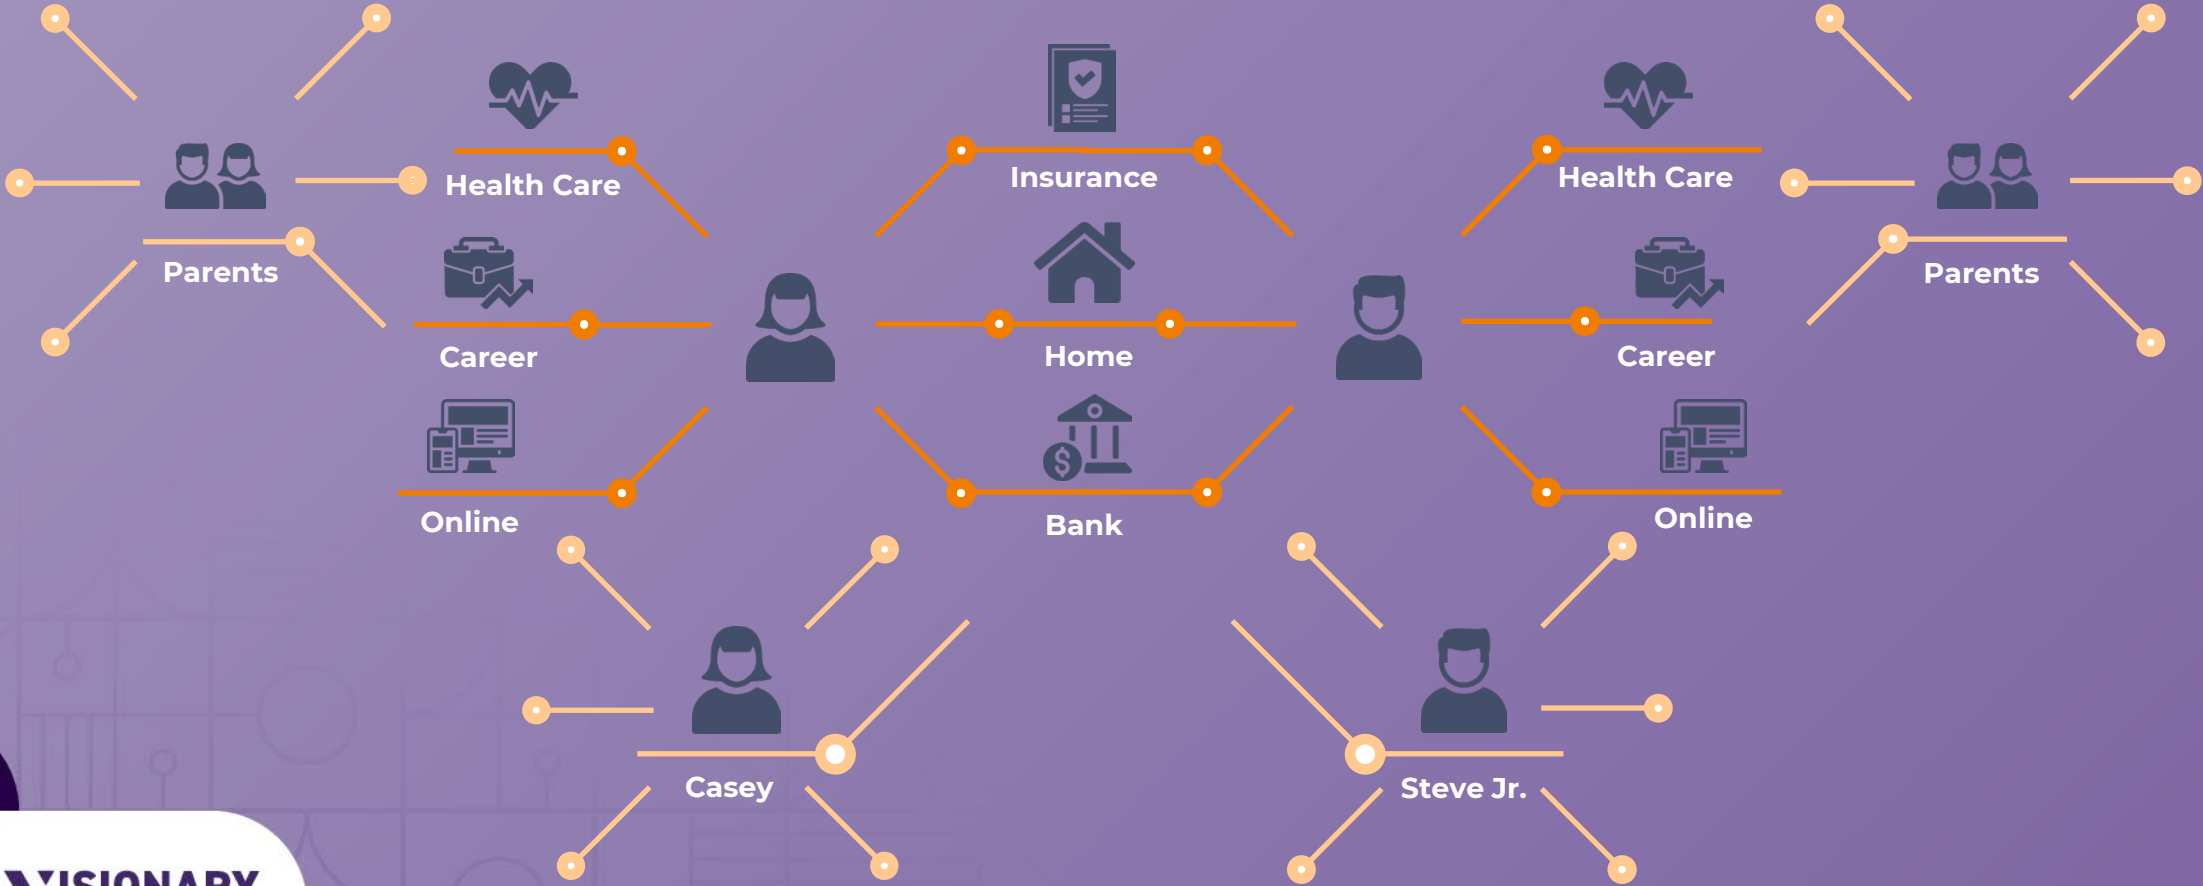

# Meet Steve

# Steve meets Jane

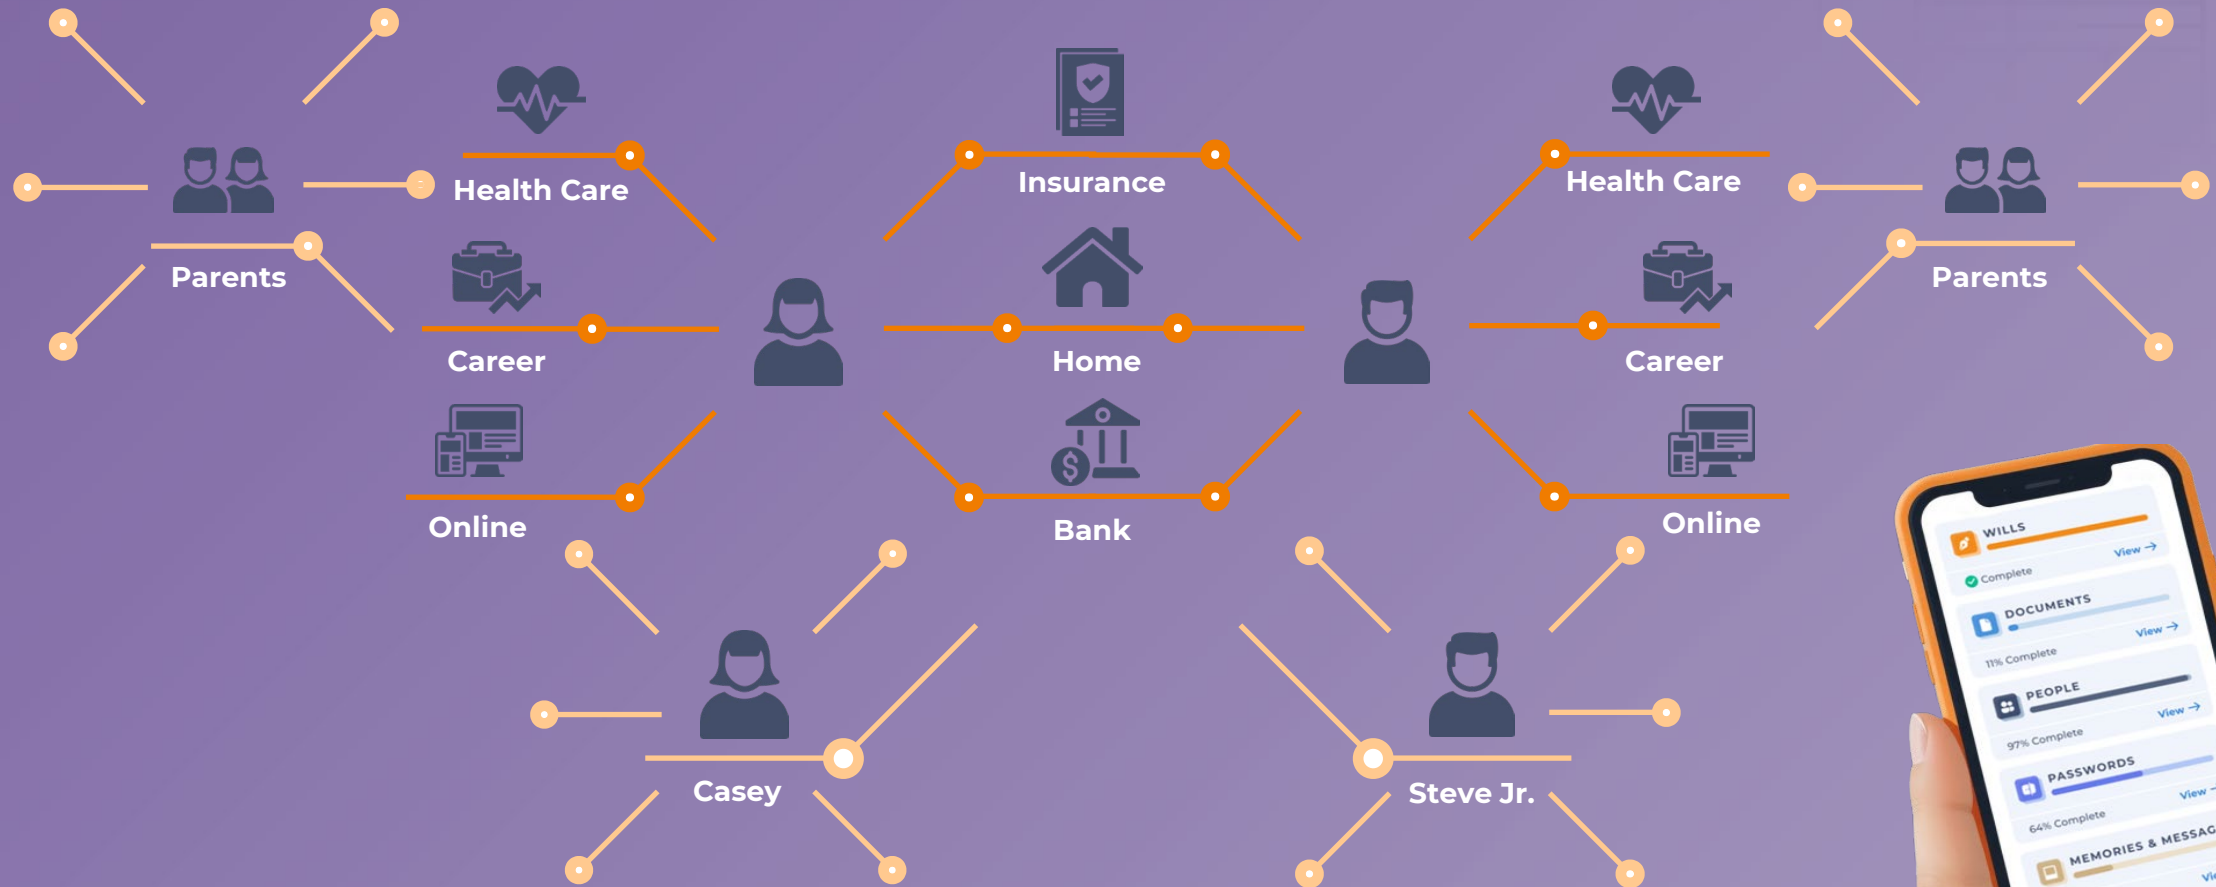

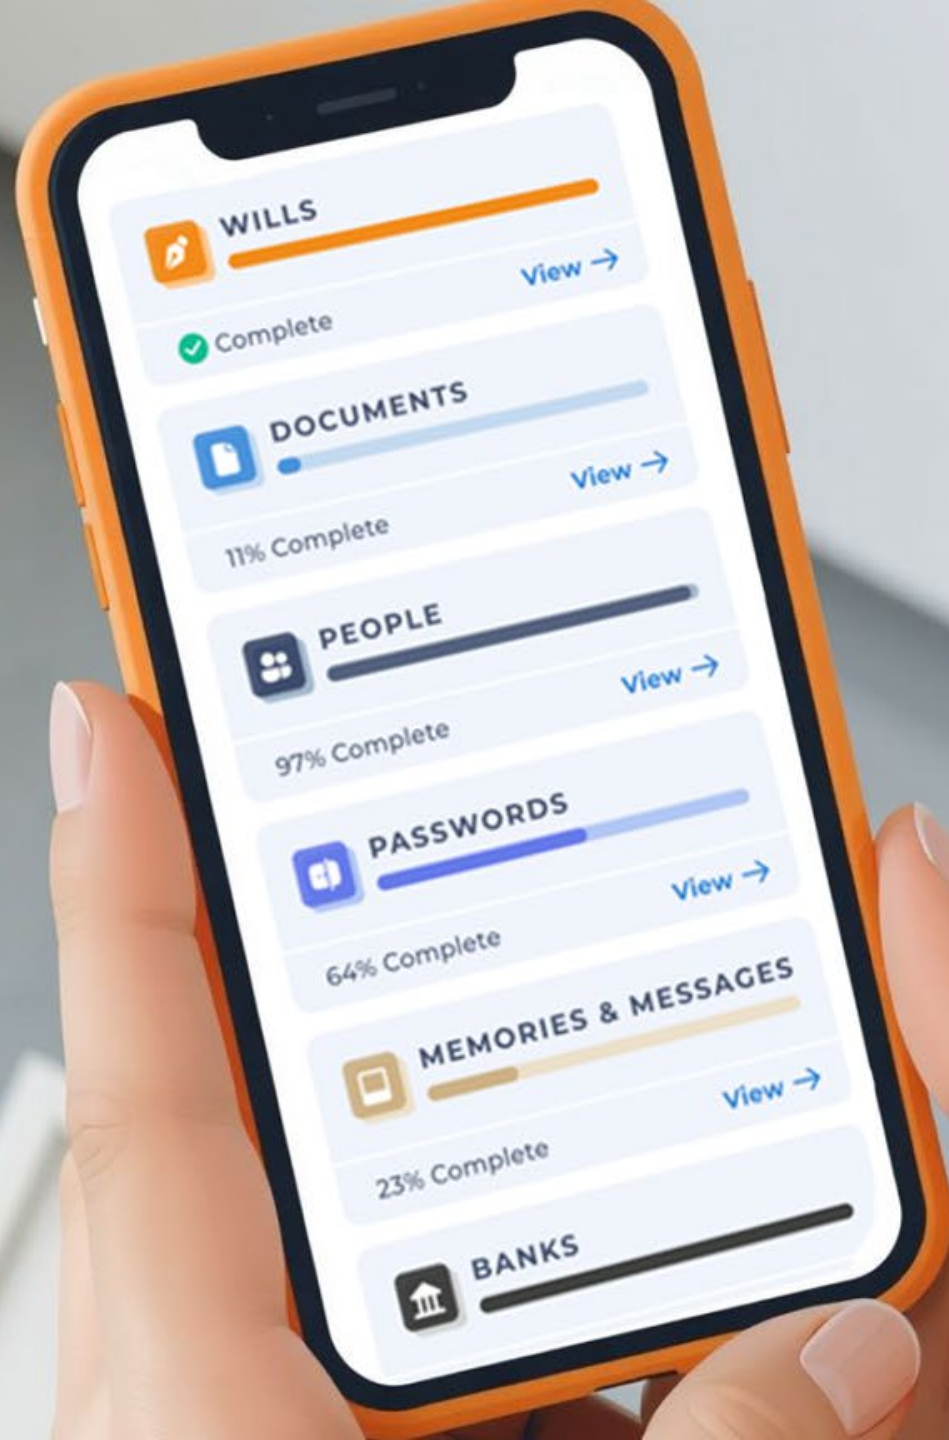

# Steve & Jane have a family

# Paige ties it all together
